

BLANK WALL FACES OFFICERS IN PROBE OF TAYLOR MYSTERY

Seem to Think Unidentified Influences Are
Keeping Them From Securing the True
Facts in the Case—The District Attorney
Will Begin An Investigation at Once

(By The Associated Press)

LOS ANGELES, Calif., Feb. 8.—Officers trying to solve the mystery of the death of William D. Taylor, motion picture director, reported tonight that they had made but slight progress in the past 24 hours. The blank wall which they said unidentified influences appeared to have thrown up between them and the true facts remained unpierced altho the police department and the office of the sheriff were attempting to make separate breaches thru it to new fields of inquiry.

The police continued to concentrate their efforts upon the search for Edward F. Sands, former secretary and butler for Taylor, missing since Taylor made a charge of grand larceny against him last August.

Captain Davis L. Adams, head of the detective bureau, reiterated that "there is no one else we want and have discovered nothing that would indicate a move except that of averting prosecution on the grand larceny charge."

The detective bureau received thru the sheriff's office a message from the sheriff at Tucson, Ariz., to the effect that a man resembling Sands was seen at Lowell, Ariz., February 4, three days after Taylor was slain.

Walter Peterson of Tucson who according to this message, saw the man, said he professed to be a deserter from the British navy, had been in Los Angeles and was familiar with the Hollywood section, where most of the motion-picture colony is located.

While Associated Press despatches from Washington announced the navy department had discarded the police descriptions of a deserter from the navy who had used the name of Strathmore, which was known to have

been used by Sands, police said they had no direct information from the department. The description sent by The Associated Press tallied closely with that of Sands as given by persons who knew him here. The Washington despatch, however, stated that Strathmore had been on his head many months in the local description of Sands, which, one official said probably is not accurate.

The Los Angeles county district attorney's office will begin investigation of the tragedy on its own account tomorrow. It was stated by an official today. Activities of the office have been confined to assistance it has given the city police department. In the new investigation every angle of

**JURY TRYING HERMIT

(By The Associated Press)

SPRINGFIELD, Ill., Feb. 8. — The jury before which Ernest Conrad, "hermit of the Mississippi," tried in United States district court for the robbery of a Chicago & Alton mail car at Quincy Junction on Feb. 18, 1921, was locked up for the night after deliberating five hours tonight.

Trainmen identified Conrad as the lone bandit who stood out of the crowd at the junction forced the

his first question before the jury. The first question was whether the subcommittee will be authorized in deciding whether the total amount of tax revenue is to come from a limited group of sources or whether the taxes will be spread over a wide field so as to make the burden as light as possible on those who have to pay. It was said that the two were also subjects of thought in the committee at this session.

Some members emphasized that it would be the purpose to arrange the tax program to interfere as little as possible with the recovery of business. The committee has been working on the committee for a number of possible one cent a gallon gasoline and also a levy on the transfer of stocks and bonds. These are only two of a score of suggestions.

Chairman Fordne summarized the wrestling session.

Social workers some times complain that the greater trouble of begging is that it soon becomes a habit. Possibly it is to that this tendency that the mayor of a Pennsylvania city recently put a new rule into effect. Cigars will be permitted in the streets only one day in each month. these workers have gotten together and suggested a new wage scale, somewhat lower than that under which they are now working. It may prove that the wages outlined are not low enough to meet present railroad operating conditions, but certainly the general thought behind the plan is one worthy of following.

The action of the state commerce commission in increasing telephone rates in this territory did not come as a surprise. The commission indicated at the hearing held several weeks ago that the evidence afforded ample proof that the company is entitled to higher rates, in order to make an ordinary business return upon the money invested.

There will be some "kicks" no doubt, but before the kicks are made vigorously there should be an unbiased consideration of all the facts.
State Treasurer Miller has caused something of a political sensation in Illinois by announcing that he will be a candidate for congress to succeed the veteran W. A. Rodeberg of East St. Louis. There have been frequent stories that Mr. Miller, whose term will expire in January as state treasurer had his eye fixed on still higher honors in Illinois. However, his term in congress will be over about the time of the 1925 election in Illinois.

Following immediately upon Congressman Rodeberg's announcement of his intention not to again be a candidate, the evidence is at hand of a complete understanding among the southern Illinois politicians, and they are quite schooled in the game down in that part of the state.

Perhaps Will Hayes as grand director of filmdom can do something to change the conditions at Hollywood. The developments in the moving picture colony there in recent months have been anything but of a kind to give the films desirable advertising. One scandal has followed another and it is not too much to hope that Mr. Hayes, with the application of his own high standards of business and personal life, may bring to pass some reforms which will put the film actor folk into better odor.

The bonds secured by the land on which the reservoir is placed are in excellent demand, with very few for sale. The business-like way in which this project was handled will make it easy to finance some other good undertaking for the city at another time.

PUBLIC SERVICE THE HIGHEST SERVICE
Lauding the public spirit which calls able men to the public service, the Republican Publicity Association, through its president Charles E. Walsh, to the advice which U. S. Senator Walsh of Massachusetts recently gave to the students of Georgetown University in Washington. In his address, Senator Walsh said: "Young lawyers absolutely blight their careers by becoming mayors of their home cities. Nine men out of ten make a failure of life who enter a public career, and usually die in poverty." He earnestly advised every ambitious professional student to "steer clear of a public career."

Commenting upon these utterances, the association says: "It seems to be the Walsh doctrine that any man who is worth his salt should carefully avoid giving the public the benefit of his knowledge and experience and devote himself exclusively to the making of money."

"To have served one's city, or country well is considered sufficient recompense even though such success has not been accompanied by financial munificence. There is not a member of President Harding's cabinet who could not earn in private practice many times the financial return that he receives in federal office. The offer of \$150,000 a year to Postmaster General Hayes to take command of the moving picture industry is a fair appraisal of the real worth of men at the head of affairs in Washington today."

"In the senate and house there is scarcely a member of the majority party who is not in office because of his love of public service. The salary of \$7,500 paid those men each year is a pittance compared with what they could earn elsewhere.
"One experiences a sense of depression in reading such comments as those delivered by Senator Walsh. If the students of our colleges were to follow his advice the United States would start on the rapid road to disaster, while if his words are disregarded and precisely the opposite course followed the future of the nation is permanently assured. It is the duty of those prominently in the public eye to urge young men to turn their attention more and more to public affairs. Only by being in the standard of government be improved. The dangers that beset our institutions all have their root in a too widespread neglect of national and local problems."

AUTOISTS RUN DOWN FRANK COUCHMAN

Murrayville Man Receives Broken Arm and Other Injuries—Doctors Never Halt to Ascertain Extent of Injuries.
Frank Couchman of Murrayville received a broken arm and other painful cuts and bruises when he was run down by speeding autoists about one mile north of Woodson about 7:30 o'clock Wednesday night.

Mr. Couchman was enroute home driving a horse hitched to a buggy. Just after turning into Woodson he saw two automobiles approaching. The machines were running side by side and apparently racing. Mr. Couchman pulled as far out of the road as he could but was unable to avoid one of the cars which struck his buggy. The drivers never stopped to ascertain the extent of Mr. Couchman's injuries.

He was thrown from the vehicle and rendered unconscious. The horse became frightened and ran away after the accident and had not been found at a late hour last night. Shortly afterward Lawrence Cox, 804 East College avenue in this city passed the scene and found Mr. Couchman and took him to Woodson where he was attended by Dr. R. R. Jones.

Mr. Cox was driving a Ford and also had a narrow escape from being struck by the automobiles at the Butler corner. He was unable, however to recognize the occupants of the cars.
As soon as news of the accident reached Woodson, a telephone message to the local police told them of the affair and asked them to be on the lookout for the autoists who were headed toward Jacksonville. Capt. Elliott said this morning that they had not been able to get any trace of the parties.

STATE AID ROAD PROGRAM DISCUSSED

Residents of District No. 2 Made Protests to County Board.
A great many land owners of road district No. 2 living north of Jacksonville appeared before the county board Wednesday to enter protest against a change in the state aid road system as made by the board.

Commissioner George Wheeler and L. V. Baldwin, county superintendent of highways, listened to the arguments presented. So many county residents were present that the hearing was adjourned from the commissioners' room to the county court room on the second floor of the court house.

According to the present law, the county board can designate 20 percent of the roadways as state aid roads, and thereafter these roads are taken from under the control of the road districts then which they may pass and are directly under the control of the county board. A tax is levied for the maintenance of these highways and the state aid roads can be graded, drained, dragged and oiled if the county board so determines.

The matter of county control continues until such time as the state may wish to take over the road or they may be identical with highways designated as for hard road improvement.

Change Route of Road.
Some time ago the road running north from Jacksonville marked as the Peoria, Pekin, Havana & Jacksonville trail, was designated as a state aid road, and prior to that time the road about a mile west which parallels the trail mentioned for a considerable distance and passes thru Arcadia, had also been fixed as a state aid road.

By the more recent action of the county board the plan of having the west road mentioned as the state aid road was abandoned, as in the opinion of the commissioners it was not an equitable matter to have both of the roads state aid highways and the east road was given the preference because it had been selected for the trail as the better of the two highways.

It was because of the change made as applying to the west road that the property holders in district No. 2 entered their protest. The matter will be given some further consideration by the board of commissioners, but it does not seem likely that the previous action of the board will be rescinded.

When the question of selecting 20 percent of the county highways as state aid roads was up for consideration before the board, the whole matter was gone into carefully with the purpose of dealing justly as far as possible with all parts of the county.

The roads designated as state aid roads were listed and platted and made a matter of record with the state highway department. Earlier in the week property owners from district No. 2 went to Springfield to make protest in the matter, but there they found that the county board has entire authority in this matter.

REED'S DUROC JERSEY SALE HELD WEDNESDAY

L. A. Reed Sold Fifty-Five Head of Fine Duroc Jerseys at Farm Southeast of City Yesterday—Average Price Was \$107.23.

L. A. Reed conducted his fifth annual bred sow sale at El Dorado farm southeast of the city Wednesday. Fifty-five head of bred sows were catalogued and sold for a total of \$5,897.50, which means an average of \$107.23 per head.

L. L. Seely of White Hall, was the auctioneer and Mrs. L. A. Reed served as clerk. The men in charge of the ring were Perry Hanks of New London, Iowa, and J. L. Henry of this city; R. L. Comer, a representative of the Duroc Bulletin and W. F. Gouss, secretary of the Illinois Duroc association, were present to serve as field men.

This sale is an outstanding example of the result of constructive breeding in the pure bred hog business, and of the application of progressive business principles to farming. In spite of the most unfavorable conditions which have confronted farmers in the history of agriculture, in spite of a general policy of retrenchment amongst both farmers and breeders, Mr. Reed held one of the best sales ever conducted at El Dorado farm.

Fifty-five head of bred sows were catalogued and sold for a total of \$5,897.50 an average of \$107.23 per head. Forty head averaged \$124.34 a figure exceeded at only one other sale in this state. Besides the sows catalogued, a number of extra bred sows were sold at prices ranging from \$50 to \$65. A few fall boars and three shorthorn bulls were sold at very satisfactory prices. The total of the sale was \$6,850.00.

The majority of the offering was taken by local farmers and breeders, although the sale was well patronized by breeders from a distance, Pennsylvania and Iowa being represented in the list of purchasers.

SUIT MAY AFFECT
PEORIA CONCERNS
(By The Associated Press)
PEORIA, Ill., Feb. 8.—The
United States food products cor-
poration against which involuntary
bankruptcy proceedings have
been started in New York city
was the owner of most of the for-
mer distilleries, which made this
city the greatest distilling center
in the world before prohibition.
Normally 800 men are employed
here with a daily payroll averag-
ing \$4,000, according to A. B.
Laszloffy, local manager.
The largest distillery in the world,
The Great Western, formerly
is one of the holdings.
"The branch here will continue
in operation until I receive fur-
ther orders from the New York of-
fice," Laszloffy said. "I cannot
say just how the proceedings will
affect this branch."

UNIVERSITIES KEEP
WITHIN THEIR LIMITS
CHICAGO, Feb. 8.—The tradi-
tional policy of keeping univer-
sity expenditures within the
limits of income has again been
maintained during the year just
closed. President Harry Pratt
Judson of the University of Chi-
cago says in the President's Re-
port just issued.

"The University has always had
a balanced budget," the president
said. According to the report,
the present income which meets
the great expenses of the univer-
sity is derived to the extent of
46.9 percent of this budget from
students, 43.7 percent from in-
vested funds, and 9.4 percent
from miscellaneous sources.
"It is plain then that students
pay less than one-half the cost of
their instruction," President Jud-
son stated.

DOCTOR ORDERED
WOMAN OBEYED
Took Lydia E. Pinkham's
Vegetable Compound
and is Now Well
Chicago, Illinois.—"You surely
gave women one good medicine
when you put Lydia E. Pinkham's
Vegetable Compound on the market.
After I had my baby I was all run
down and so nervous I kept me
from gaining. My doctor did every-
thing he could to build me up, then
he ordered me to take Lydia E.
Pinkham's Vegetable Compound
with his medicine and I am now
a new woman. I have had three chil-
dren and they are all Lydia E. Pink-
ham babies. I have recommended
your medicine to several friends and
they speak highly of it. You are cer-
tainly doing good work in this world."
—Mrs. ADRIAN TOMSHECK, 10567 Wa-
shburn Ave., Chicago, Illinois.
There is nothing very strange about
the doctor directing Mrs. Tomscheck
to take Lydia E. Pinkham's Vegeta-
ble Compound. There are many
physicians who do recommend it and
highly appreciate its value.
Women who are nervous, run down,
and suffering from women's ailments
should give this well-known root and
herb medicine a trial. Mrs. Tom-
scheck's experience should guide you
towards health.

MISS FORWARD HAS RETURNED HOME

Made Address at Conference in St. Louis—Morgan County Organization is Mentioned at Meeting.

Miss Katherine G. Forward, the executive secretary of the Red Cross here, has returned from St. Louis, where she addressed a conference of the Red Cross workers of southern Illinois, held at the Statler hotel, February 6th and 7th. Miss Forward spoke on the "Red Cross in the Hospitals."

One of the interesting features of the conference was the address delivered by Wm. H. McAdoo, on the "Bureau of War Risk Insurance." Mr. McAdoo outlined the organization and workings of the Bureau, and showed the injustice of the criticisms that have been directed against it. The Bureau faced an enormous task when first organized, and had to take on thousands of employees

Dr. Hobson's Pain-Expeller Ointment

within a few months, that knew nothing of the work. He expressed the Bureau's appreciation of the service being rendered by the Red Cross. He spoke of the Red Cross as the personal agent, while the Bureau must necessarily be impersonal in its work. The Red Cross provides care for the families of the ex-service men.

Manager Fies, of the Southwestern division of the Red Cross, was present to fill the place of Walter Davidson, manager of the Central division, who was ill at Washington, D. C. Both of these men delivered addresses of the same theme, namely that the work of compensation for the ex-service man must go forward without fail and must go rapidly. The longer the time elapses before the claims are proven, makes it just that much harder to prove them. It was also emphasized that the Red Cross can not do too much for the ex-service men, in every way possible, in these times of economic depression, when the public generally is forgetting the great service rendered by these men now partially or wholly disabled. These returned warriors, who fought for and saved our country, are in reality sacrificing more than those that have died. Thousands of them, formerly strong active men, now go thru life, irreparably handicapped with wounds and disorders that can never be wholly set to right.

The Morgan County Chapter received mention at the conference, because of its splendid organization. Miss Forward was called upon to give a brief outline of the county organization.

It will be of interest to Jacksonville people to know that Miss Marian Capps, well known in the city, presided at one of the afternoon sessions of the conference. Miss Capps is now executive secretary of the Red Cross Chapter at Alton, Ill.

The Red Cross office here has received several inquiries regarding the receipts it is sending out. People that gave to the United Budget campaign do not realize that one dollar of their contribution goes to the Red Cross, as one of the organizations included in the drive. That is why every one that donated a dollar or more to the campaign will receive a Red Cross button and receipt.

FORMER RESIDENT IS CHAMPION BARBER

An item in a Decatur paper of recent date refers to James Holcomb, a former resident of this city, who is now a barber at Balboa in the Canal zone. The young man is a nephew of Thomas Barber, both resident north of the city. The article referred to appears below:

"J. J. Holcomb, Balboa's popular barber, has lowered his previous record of twelve minutes for a haircut, shave and application of hair tonic. Tommy Hogan, known for many years as 'One Round Tommy' on account of his success in local boxing circles, offered himself as the subject in the interest of science. The barber shop was completely filled with 'fans,' some of whom doubted the authenticity of Holcomb's previous record. Several stopwatches were borrowed from the club house and at 7:15 Mr. Holcomb hopped to Tommy had a wonderful head of hair and during the race against time, his curls were flying all over the shop.

The haircut was completed in six minutes, the shave in two minutes and the hair tonic applied in one minute, a total of nine minutes for all the work. Mr. Hogan's head was examined closely by all the judges and the conclusion was that the work was satisfactory and above all criticism.

It was the opinion of the spectators that Mr. Holcomb should be awarded the Police Gazette medal as the champion barber in Central and South America."

TO VISIT IN INDIANA.

Mrs. N. V. Meggison left yesterday for Chicago, where she will spend several days at the home of Mr. and Mrs. Thomas Moore. Later Mrs. Meggison will go to South Bend, Ind., where she will spend a number of weeks with her daughter, Miss Lena Meggison. Mrs. Meggison expects to be away about six weeks.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week. Note the effect. 15c and 30c.

Can You See Your Ribs?

"It wasn't that I wanted to get fat—no, I just wanted to put on about 8 pounds more flesh, then I'd be just right. I've nibbled at diets, gorged big meals, I've haunted health resorts, been to fine climates, guzzled milk, buttermilk, olive oil, emulsions, swallowed pills, digestion aids, and a score of other 'work-work' things. Finally, I dived on Dr. S. S. S. and these things were building up the new red blood cells I needed. I took S. S. S., the greatest red-blood-cell builder, firm-flesh producer, blood-cleanser known. I put on 7 pounds in a month, and my nerves, instead of strings feel like wires. S. S. S. has the world beat!"

S. S. S. is guaranteed purely vegetable in its medicinal ingredients. It has produced amazing results in building up run-down, thin-faced, ambitious men, and in making women of all ages more plump and beautiful and younger looking. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

A Careless Habit

Don't buy a can of baking powder without knowing the exact weight of the contents—it's a careless habit and an expensive one.

Some baking powders are now put up in 12 oz. or 3/4 pound cans instead of 16 oz. or full pound cans as formerly. Your eye may not detect the difference in the size of the can—so always look at the label—know that you are getting 16 oz. or a full pound when you want it.

Remember when you buy Calumet Baking Powder you get 16 oz. — a full pound. The one pound size of Calumet has never been reduced.

That's one reason millions of housewives prefer and use Calumet. They also know that it produces pure, sweet and wholesome foods.

Calumet is the largest selling brand in the world — buy it — try it.

STEEP ADVANCE IN PRICE OF WHEAT

By Associated Press.
CHICAGO, Feb. 8.—Fears that the domestic winter crop of wheat is seriously in danger of curtailment on a large scale today led to a steep advance in values. The market for wheat closed unsettled 2½c to 5c net higher with May at \$1.30½ to \$1.31 and July at \$1.16½ to \$1.17. Corn gained ½¢ to 1½¢, oats ½¢ to 1½¢ and provisions 5 to 15c.

News of dust and windstorms in Kansas caused a decided apprehension among wheat traders that the crop in that state, already at a disadvantage from continued drought might suffer severely and the yield be greatly reduced as compared with the usual amount. The Secretary of the Kansas Grain Dealers' association was quoted as saying 5,000,000 acres of wheat in Kansas would not be harvested this year and that the condition of a great deal of other wheat in the state was critical. Excessive dryness in Western Oklahoma and Nebraska added to misgivings which had been aroused and in the last half of the day far more than offset price declines that earlier were caused by downturns in quotations at Liverpool and Buenos Aires. July trades which would be directly affected by crop damage showed at one time a bulge to 6½¢. Absence of milling or export demand kept the price of the May delivery however, within ordinary limits.

Corn and oats reflected in some degree the rise of the wheat market but were restrained by much rural selling of corn to arrive here. Besides shipping demand here was slow. Provisions went higher in price on account of the upward swing of the grain and hog markets.

EUROPEAN EXCHANGES ROSE TO HIGH PRICES

By Associated Press.
NEW YORK, Feb. 8.—Operations in the financial markets today were overshadowed by the strength of international currencies. Practically all the important European exchanges rose to highest prices in one to two and one half years led again by remittances.

Minor or speculative rails and a few standard transportation furnished much of the activity and strength shown by the stock market. The general list closed with a heavy tone, coincident with call money's rise from 5 to 5½ per cent. Low grade motors, the cheaper oils, food specialties and the chain store group were the special targets of the shorts whose concerted attacks upon those shares met with little opposition. Buying of rails was confined to a group of local traders, their bullish attitude apparently being based upon the better showing recently made by many roads, especially grangers and cotton carriers, these featuring the day's movement.

Steels and equipments were listless until the final hour, when Gulf States, Crucible, Republic and Midvale reacted one to almost three points with Standard and Mexican Petroleum. Sales totaled 775,000 shares. Sterling demand bills sold a fraction above 4.35 before the close of the market and the several allied exchanges were 12 to 15 points higher. Dutch, Danish and Swedish bills rose eight to 22 points and the more remote continental currencies including Spain and Greece moved upward five to ten points.

Liberty bonds met with mixed gains and losses. Total sales (par value) aggregated \$14,250,000.

INCOME TAX FACTS

The tax on dividends is an important item in the returns of many taxpayers.
A "dividend" for the purpose of the income-tax law is any distribution in cash or property made by a corporation to its stockholders or members (other than certain dividends of a personal-service corporation) out of its earnings or profits accumulated since February 28, 1913. Dividends are taxable and are taxed at the rates for the year in which the cash is made available, regardless of when the earnings or profits out of which they were paid were accumulated. Although interest on state bonds and certain other obligations is not taxable, when received by a corporation, upon amalgamation with other funds of the corporation and distributed to stockholders in dividends, it is taxable to the same extent as other dividends.
A dividend is income to the stockholder as of the date when the cash or property is unqualifiedly made subject to his demand. Cash dividends, while exempt from all normal tax, are taxable income to the individual recipient at the surtax rates for the year in which received. Accordingly, dividends must be included as gross income, but they may be deducted as a credit in computing normal tax.

Stock Dividends.

The revenue act of 1913 provided for the taxation of stock dividends, but since the enactment of that law the supreme court of the United States has held that stock dividends do not constitute income within the meaning of the sixteenth amendment to the constitution, and are accordingly not subject to the income tax. The revenue act of 1921 specifically provides that such dividends shall not be taxable when paid in good faith, but that if, after the payment of such a dividend, the corporation proceeds to cancel or redeem its stock at such time and in such manner as to make the distribution and cancellation or redemption essentially equivalent to the distribution of a taxable dividend, the amount received in redemption or cancellation of the stock shall be treated as a taxable dividend.

GOLDEN WEDDING OBSERVED AT FRANKLIN

Mr. and Mrs. Twydel Deere, Long Time County Residents, Married Fifty Years Ago—Anniversary Fittingly Observed.

Mr. and Mrs. Twydel W. Deere, residing on a farm four miles southwest of Franklin very pleasantly celebrated their golden wedding anniversary Wednesday, Feb. 8. The occasion was made notable by the gathering of members of the family and a few intimate friends. Included in the company were eleven guests who were present when Mr. and Mrs. Deere as bride and groom stood before Rev. George W. Bates of the Franklin circuit.

At the noon hour Wednesday a delicious dinner was served and afterward came a social time which all enjoyed. Miss Carrie Spies of Jacksonville rendered several piano selections and various songs were enjoyed as was the Victoria music.

The home had been very beautifully decorated with gold hangings and yellow roses and spring flowers were intermingled with graceful smiles.

A great many useful and beautiful presents were received the list including a gold watch for Mr. Deere and an amethyst ring for Mrs. Deere. These gifts from the children were presented grand daughter. The little girl had the grandmother's gift hidden in the petals of a jonquil when she presented it to the bride of fifty years.

The occasion was the more notable from the fact that it is the third golden wedding celebration in Mr. Deere's family, his two sisters, Mrs. P. A. Sturgis of Franklin, and Mrs. W. T. Spies of North Fayette street, this city, having celebrated their fifty-fourth anniversary last January.

All of the living children of Mr. and Mrs. Deere were present, including Misses Ida and Harriet at home; Mrs. Theodosia D. Sprinkle, Evanston; George R. Deere, of Franklin, and two little granddaughters, Georgia Roberta and Corena Mardelle.

Mr. Deere is the only son of the late Mr. and Mrs. Twydel W. Deere and was born on a farm near Jacksonville. His wife before her marriage was Miss Mary Alice Seymour, daughter of the late Robert Seymour, and she was born on a farm near Franklin. Both Mr. and Mrs. Deere have spent all of their lives here in Morgan county, and the friends who have honored and respected them thru the years are legion.

The guests present for the day were the following:

Dr. and Mrs. F. M. Rule, Mr. and Mrs. R. R. Stevenson, Mr. and Mrs. W. T. Spies, Mr. and Mrs. Jas. E. Rawlings, Miss Alice Deere and Miss Carrie Spies, all of Jacksonville; Mr. and Mrs. Charley Stevenson of Little Indian, Mr. and Mrs. Fred Scholfield, of Murrayville; Mr. and Mrs. Chester Colton, of Woodson; Mr. and Mrs. Arthur L. Sprinkle of Chicago; Mrs. Katie Scott, Mr. and Mrs. Chas. E. Christwell, Mr. and Mrs. W. L. Wells, Mr. and Mrs. Leslie Leak, Mr. and Mrs. Guy T. Seymour, Mrs. Nellie Oxley, Mr. and Mrs. W. L. Roberts, Mr. and Mrs. Geo. W. Seymour, Mr. and Mrs. Fred Bush, Mrs. A. D. Gibson, Mr. and Mrs. P. A. Sturgis, Mr. and Mrs. J. H. Roberts, Mr. and Mrs. P. F. Rawlings, Mr. and Mrs. Robert Gibson, Mr. and Mrs. Geo. Darley, Mr. and Mrs. Wm. Rees, Mr. and Mrs. Geo. Oxley, Mr. and Mrs. Howard Rawlings, Mrs. Julia Wright, Miss Alice Creswell all of Franklin and vicinity.

As a part of the program Dr. F. M. Rule read an adaptation of verses written some years ago by his long time friend, Dr. J. T. McFarland. The verses follow:

We are thinking, we are thinking of the blessed Long Ago.

Of the people and the places that we knew;

And our souls are filled with longing, as the memories come thronging, through the amber air of fancy to a music soft and slow.

With the moonlight and the love-light breaking through;

And our hearts are cleft asunder by the melody's soft thunder, as we bow our heads and listen to the far-off river's flow.

II.

ALICE, I am thinking, I am thinking of the old house on the hill,

Of the lilacs and the snow-balls blooming free;

And my inner sight discloses the fragrant climbing roses, hanging rich from the veranda and about the window sill,

And the lamplight shining softly I can see;

And a tremor passes through me, as the day when Cupid slew me, and the air is rich with perfume, and all the night is still.

III.

YES, Twydel, and I am thinking, I am thinking of the hour which ever sings,

When, my hand in yours, you pledged me to be true;

And sleeping birds are awakened, and the dew from flowers was shaken by the passing of Love's feet, and the fanning of his wings,

And my soul was in the hand I gave to you;

INSURANCE PEOPLE HELD CONFERENCE HERE

Some Members of Spink, Strawn and Spink Official Family Talked Over Plans—Guests at Luncheon.

Representatives of the Columbian National Life Insurance Co., from the immediate territory spent Wednesday in the city in conference with Spink, Strawn & Spink, agents for central Illinois. A business session was held at the offices in the Rahjohs & Reid building in the morning and at noon a luncheon was served at the Pacific hotel.

In the afternoon came a further conference in which various business affairs of the company were given careful consideration. The business of the Columbian National Life Insurance Co., in all this section of Illinois was practically begun here twenty years ago, and the business in this territory has radiated from this city since that time.

The affairs of the Columbian National have been so closely and intelligently developed that the company now ranks among the strongest of the old line concerns. The record which the Spink & Spink agency has made is a matter for congratulation and as previously noted, the firm was recently strengthened by the addition of Earl M. Spink, who has been successfully identified with the business of the firm for a number of years past.

Following the excellent luncheon yesterday, Mayor E. E. Crabtree as a special guest, made a brief and interesting talk in which he referred to the growth of the company's business and the admirable showing made by the local firm. The company yesterday included Earl M. Spink, James C. Strawn, Earl M. Spink, Mrs. Edith I. Danekin and Mrs. W. S. Jones, all of Jacksonville; J. C. Spink, Petersburg; W. W. Spink, Havana; C. F. Mathews, Tallula; H. A. Clegg, Chandlerville; C. C. Hatfield, New Berlin; Mayor Crabtree, C. A. Hall, Eugene Keefe, Miss Priscilla Angelo, cashier, and Miss Helen Hart, assistant cashier, all of this city.

Friday night, for Elks and families. Visiting Brothers and families cordially invited.

Mrs. C. A. Johnson left yesterday for a visit of several weeks in Mobile, Ala. She was accompanied to St. Louis by Mr. Johnson.

But your soul has cleaved to duty, and has ever grown in beauty, and I hail you, and I bless you, as my own beloved queen.

We are thinking, we are thinking of the onward-coming years, And of all the hidden meaning they contain;

But a strength our souls upholdeth, and a love our hearts enfoldeth, and the unresolved tomorrow is haunted with no fears;

Never doubting, we will bravely face all pain;

Our love and God's possessing, every day will bring a blessing, and faith will arch the rainbow on the mist of falling tears.

VI.

We are thinking, we are thinking in the coming hour of hours, Which of us shall take the other by the hand,

And, the deathless tokens giving of the dying to the living, pass on into the Homeland of never fading flowers?

To the question comes no answer from that land;

But above the sky is bending, and to love there is no ending, and Le robbed of all his powers,

FINE PROGRAM GIVEN FOR AMERICAN LEGION

Members and Their Families Guests of Dr. Hill at Jacksonville State Hospital.

Members of the Jacksonville Post of the American Legion, their wives and other invited guests made up a company which assembled at Jacksonville State hospital last night by invitation of Dr. E. L. Hill. The large company gathered at Amusement hall, where a remarkably good vaudeville program was given. This program continued thru more than two hours and was an entirely creditable theatrical production.

Dr. Hill welcomed the visitors as they entered the hall. The entertainment was planned in recognition of the services of the legion in aiding the ex-service men who are at the hospital unit. The members of the post very much appreciated the courtesy extended.
